REGISTRAR ANNUAL REPORT

2012-2013

MESSAGE FROM THE UNIVERSITY REGISTRAR

It is with pleasure that I present our annual report for the 2012-2013 academic year. The report details our accomplishments and goals, and provides an overview of our services. The Office of the University Registrar (OUR) relies upon collaboration with members of the campus community in order to support the academic mission of the institution and to assure its success.

During this past year, the OUR has worked hard to continue its goal of providing outstanding service to current and former students, faculty, staff their families and the other constituencies that seek our help each year. It is our hope that this report gives the reader a glimpse of what we do and the impact of the services we offer.

Obviously none of OUR work is possible without the continued hard work and commitment from a dedicated staff. The staff in the Office of the Registrar is to be recognized for their attention and concentration to our day to day efforts maintain exceptional quality in our records and processes, collectively coordinating the functions of the office.

Please feel free to contact me or anyone in the Office of the Registrar if you have questions or comments about any of our services or if you have suggestions regarding how we may better meet the needs of the university community.

OUR MISSION

The Office of the Registrar at Emory University has as its function the charge and mission to:

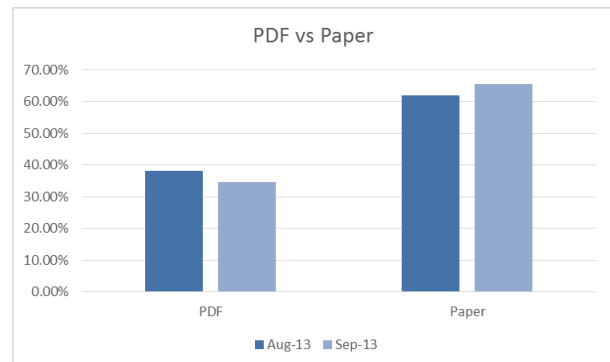

- Maintain the permanent academic records for all schools of the University including registration (initial and changes), processing grades, recording faculty actions taken, and degrees granted for all students past and present
- Complete and file all Federal and State reports requested relative to matriculated students
- Maintain separate from other academic records the records of those having received "continuing education credit" (CEU)
- Maintain and produce an academic schedule of classes and related examinations on a term-by-term basis
- Assign classroom space for courses from a given pool of rooms
- Provide, on request, service and assistance to other administrative users of the Student Information System including assistance with data interpretation and understanding, query programming, and the scheduling and production of reports
- Act as a consultant to all Deans and Faculty committees relative to student records, registration, course offering, degree program auditing, etc.
- Certify, on behalf of the student and as appropriate, attendance, academic performance and status to outside agencies (for the purpose of loans, discounts, professional examination, etc.)
- Provide an academic transcript service to all current and former students
- Process all degree and certificate applications, order diplomas, set up degree and rank lists and in general assist the principals in graduation ceremonies
- Assist the Provost and Associate Vice Provost whenever and on whatever deemed necessary

OUR 2012-2013 GOALS AND ACCOMPLISHMENTS

DELIVERY OF ELECTRONIC TRANSCRIPTS FOR IMPLEMENTATION 2012-2013

Launched August 1, 2013, in partnership with Avow/Parchment Inc., current students and alumni now have the option to manage and send transcripts online at their convenience. Our newest feature, electronic transcript delivery affords real time delivery of transcripts -- students/alumni to place their transcript orders online—and receive confirmation of when it's been delivered (whether it's paper or electronic) in real time! In addition to providing this new delivery method, we also revisited the cost model for transcripts (we currently charge a per transcript fee). A cost proposal was presented to Ways & Means — and it was unanimously approved to discontinue the per transcript model; a major win for our Alumni!

Since implementation, approximately 37% of transcripts ordered were delivered electronically versus 63% delivered in paper format.

29 % of requestors report they request transcripts for personal reasons with employment requests a close second.

GOALS AND ACCOMPLISHMENTS continued

TRANSACTIONAL INTERFACE BETWEEN RESOURCE 25 ROOM SCHEDULING SOFTWARE AND PSSA CLASSROOM ASSIGNMENTS

Scheduled for implementation fall, 2012, the Registrar's Office successfully implemented a transactional interface that allows room-scheduling changes to be updated in OPUS and then applied in the R25 system without the current duplication of effort. This new functionality reduces the time it takes to process room assignments and ensure accuracy between the two systems.

LEVERAGE PEOPLETOLS 8.5 WITH AD HOC EDIT ANALYSIS

In collaboration with the Student Information Systems team, the Registrar's Office has streamlined the analysis of weekly, monthly, quarterly data edits. Historically, Registrar staff has been responsible for running edits manually to identify data inconsistencies in the system. This exciting new functionality has streamlined our daily edit /query processes by scheduling

nightly batch transmissions that are sent to Registrar staff via email for processing—reducing the time required to identify where data inconsistencies exist.

CREDIT HOUR ADJUSTMENTS FOR EMORY UNDERGRADUATE COURSES

In conjunction with the SACS review, Emory University evaluated its policies regarding contact hours and credit hours in an effort to comply with SACS reaccreditation guidelines. Four Emory schools were affected by this change: Emory College of Arts and Sciences, Oxford College, Goizueta Business School's BBA program and Laney Graduate School.

Given the magnitude of the project, the office collaborated with the affected schools to allow sufficient time to manage and communicate these changes to students. To insure a quality implementation while minimizing disruption to our student community, Registrar staff proposed a yearlong timeline for course/credit revisions. Approximately 2,300 courses were updated during this timeframe.

REGISTRAR OUTREACH

The Registrar's Office engaged in concerted discussions with School Liaisons to determine future business needs. While Registrar Liaisons are satisfied with the support they've received from our office, they shared their thoughts on how our office could better support their needs:

- Reestablish training and development workshops for schools and departments
- Proactively provide suggestions for improvements or streamlining business processes within schools/departments
- Provide more specific guidance and assistance to School Liaisons on University policies and practices

The Registrar's Office has established monthly liaison meetings to begin to

address these issues and continued discussions on how the office can better serve/support their needs.

SEMESTER ONLINE

Partnering with 2U, Inc., Emory University participated in distance education by offering three online courses through Semester Online. This first of its kind program offers rigorous, for credit courses from prestigious colleges and universities to top undergraduate students – online. 65 students from Emory and other consortium and affiliate schools participated in the semester online experience for the fall term:

VETERANS AFFAIRS

OUR COMMITMENT TO VETERANS

We value the skills, assets, and experiences that Veterans bring to the Emory Community and are committed to helping them achieve their goals and aspirations. This year the Registrar's Office has increased campus awareness of student veteran issues and fostered a sense of belonging, community, and well-being for all student veterans. We recognize and honor their sacrifices and value their life experiences as they broaden the diversity of our staff, faculty, and student body.

Emily Tallant,
Assistant Registrar, Compliance
VA School Certifying Official

The Office of the Registrar is charged with certifying enrollment, tuition, and fees to the VA for students receiving VA educational benefits. The number of students receiving these benefits has steadily increased over the years. Most of Emory's VA students receive the Post-9/11 GI Bill benefit (Chapter 33). In fall 2011, we certified 112 Chapter 33 students. In fall 2012, that number increased to 133 students. Overall, there was a negligible change in total veterans certified from 2011 to 2012 as seen in the graphic below.

GOALS AND ACCOMPLISHMENTS, continued

Each school at Emory University also voluntarily participates in the Yellow Ribbon Program, providing additional monies to help bridge the gap between the Chapter 33 tuition and fees reimbursement provided by the VA and the actual cost of attending Emory.

Our goal as certifying officials in the Registrar's Office is to make the sometimes-daunting task of navigating veterans educational benefits easier for our students and colleagues. In order to serve the students and Emory more effectively, we:

- Monitor government websites to ensure that we are complying with regulations
- Subscribe to certifying official listservs so stay abreast of current VA issues
- Created information packets for both prospective and new Emory students, explaining the VA educational benefits process at Emory

We strive to educate our school Yellow Ribbon Liaisons on trends and best practices. To that end, we began, this year, to offer worksheets to aid liaisons in deciding how to allocate the Yellow Ribbon awards over the academic year. Furthermore, we meet with the school liaisons periodically to discuss VA benefits related issues.

VA AUDIT

In spring of 2013 the office underwent an internal financial audit of student accounts for chapter 33 benefit recipients; accounts were reviewed from fall 2010 and continued through spring 2012. The audit identified several overpayments to VA students who had received funds in excess of \$100,000.00. To reconcile these refunds, the Registrar's Office worked with Veteran officials via the Treasury Offset Program* to identify when the overpayments occurred and how the funds should be returned to the government.

To prevent these overpayments from happening in the future, we have modified our practices for processing VA students; in particular:

- Students must confirm their intent to enroll and use benefits before they will be certified with the VA before the beginning of each semester
- Periodic audit checks are scheduled to review student files to determine if any changes in VA payments have occurred

GOALS AND ACCOMPLISHMENTS, continued

Our hope is that these practices will help prevent payments to Emory for students who never intended to use their benefits, and to help us to predict accurately the benefit amount that the VA will pay on behalf of students utilizing their benefits.

**Note: Through the Treasury Offset Program (TOP), the VA has the potential to collect debts from Emory University, essentially affecting anyone at Emory receiving federal monies (except financial aid).*

ON CAPITOL HILL...

EMORY'S RESPONSE TO THE PRINCIPLES OF EXCELLENCE
DEPARTMENT OF DEFENSE – MEMORANDUM OF UNDERSTANDING

Emory University remains committed to serving the needs of our veteran students. Since participating in the Post-9/11 Yellow Ribbon Benefit Program in 2009, we've seen a 70% increase in veteran enrollment and other VA related requests.

While The Principles of Excellence are there to strengthen consumer protection for our Service members, Veterans, and their families, institutions must assess their readiness to adhere to these requirements and determine if they have the resources and policies in place to support compliance with the requirements laid out in the order. To support the order, specifically:

- Emory University must establish a policy for academic credit awards for prior learning experiences to permit award of credit for “comparable prior learning experiences” documented on members’ official transcripts. Emory currently does not accept this type of transfer credit.
- Emory University will need to allocate resources to provide course enrollment reports to all branches of the military and will need to investigate methods for transmitting data if SIS integration is necessary.
- Emory University must apply transfer credit for admitted veterans within **60 days** of matriculation. This requirement would have a significant impact on our Admission Offices.
- Emory must accept the Government Purchase Card for Payment of Military TA (Tuition Assistance). We currently do not accept “credit card” payments for tuition/fees. To do so would require a change in institutional financial policies.

In August, 2013 the Department of Defense proposed new rules for the MOU for TA Programs. The proposed rules outline “additional” requirements that would:

- Provide meaningful information to students about the financial cost of attendance
- Provide academic and student support services to service members and their families
- Offer service members loan counseling before private student loans are offered

ON CAPITOL HILL, continued

- Establish readmission policies for service members, including for absences of less than 30 days
- Comply with Title IV program integrity rules

Section 4 of the Order mandates the DoD and VA to “*strengthen enforcement and compliance systems*” through which to file complaints when institutions fail to follow the Principles. If we are unable to deliver on any of the requirements under the order, we put our students and the institution at risk of being out of compliance. Each of the expectations listed above cannot be accomplished in the VA’s desired timeline while meeting compliance expectations.

AACRAO plans to conduct a more thorough review of the DoD’s proposed rules regarding specific issues and areas of concern. We expect AACRAO to issue official comments regarding the new Memorandum of Understanding in the near future.

CHALLENGES AND OPPORTUNITIES

THE REGISTRAR REVIEW

In November 2012, the Office of the Registrar underwent a comprehensive review conducted by an internal review committee comprised of leaders across Emory University. The purpose of this review was to take a comprehensive look at the organization, functions and budget of the office to insure 21st century best practices. After a three month review, the committee submitted:

- A full organizational analysis of the Office of the Registrar, including the structure, operations and personnel within the office
- Benchmarking reviews evaluating best practices and translating them to the functions at Emory; and
- A comprehensive plan to develop and articulate improvements to the office's operations and structure in order to increase efficiencies, improve performance and adopt innovative and leading practices

A full comprehensive report was submitted to the Senior Vice Provost and Associate Provost which concluded that *"responsibilities within the Registrar's Office were not clear and titles and reporting lines are not easily understood; job titles, grades and current staff skills do not align with other progressive, forward thinking peers"*.

Since the review, the Registrar's Office has undergone a restructuring of its organizational chart, office structure and staff. The office structure has changed the focus from "specific function" to "broad services": Academic Support Services, Data Management Services, and Student Support Services. [\[see OUR Core Services\]](#)

In addition, the Office has a greater sense of strategic direction:

- Better centralization of Academic Policies
- Document Imaging Initiatives
- MOOCS/Distance Education Initiatives
- Increased focus on Compliance and Regulations

CHALLENGES AND OPPORTUNITIES, continued

- Continuing professional development for staff
- Establishing professional trust with faculty, administrative divisions and senior leadership
- Student Retention and success initiatives

Initiatives and Goals for the New Year

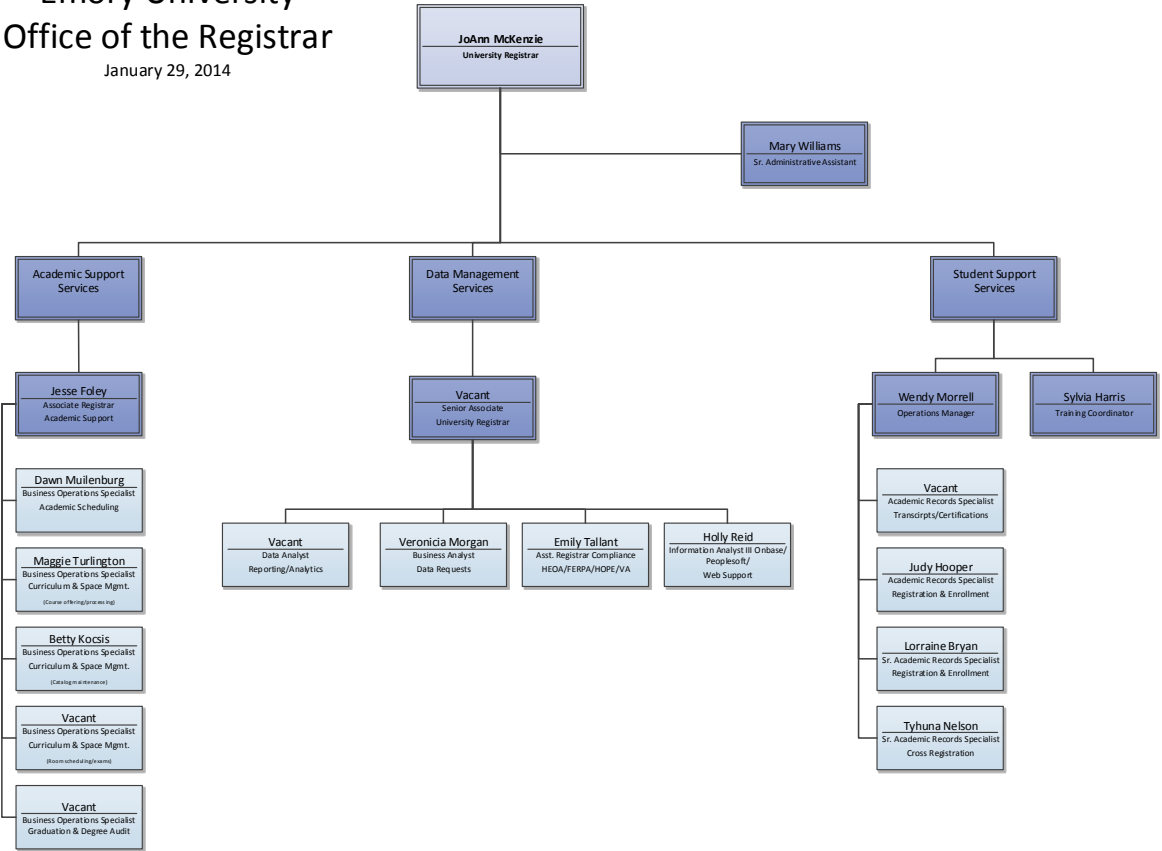

Our 2013-14 Initiatives include:

- Conduct a university-wide HOPE Scholarship audit, reviewing current HOPE practices in the schools, assessing areas of non-compliance, culminating in recommendations for improvement.
- Establish FERPA training/compliance opportunities among faculty and staff, and expand training to include an online quiz via OPUS, student orientation activities.
- Investigate feasibility of using the National Student Clearinghouse (NSC) online student self-services that enables students to obtain their enrollment and student loan information, including enrollment verification certificates, on demand 24/7 at no charge.
- Consult with University Archivist to establish best practices for digitizing, maintaining, and preserving historical records.
- Conduct top-to bottom review of ECAS course offering process in partnership with OUE to introduce efficiencies in the process.
- Provide strategic partnership with schools/departments across entire campus.
