COURSE ATLAS THE BASICS

WHAT IS COURSE ATLAS CART?

Course Atlas is a great search engine for Emory's robust and diverse course offerings, but wouldn't it be even better if the Atlas also connected to OPUS in real-time to speed up the registration process?

Now it does! Start with the Atlas to search for courses, then add classes to your cart and push your schedule to OPUS from a single browser window!

STEP 1: LOGIN

Click the Login button in the top-right corner of the University Course Atlas to get started. You will be prompted to enter your EmoryID and password, and will have to confirm login using DUO.

For a better Atlas experience...

The University Course Atlas works on all devices and in all browsers, but we do recommend Google Chrome or Firefox for an optimal Atlas Cart experience.

STEP 2: SEARCH & **ADD TO CART**

Look for the "_OX" designation for Oxford courses. When you find a course you like, click Add to Cartat the bottom of the course record and select your Cart and Waitlist preferences.

So You Found Your Ideal Schedule...

You will need to move all of your final selections to the Primary Cart before you can push to OPUS. To do this, select a course from a secondary cart and press ADD TO CART.

STEP 4: PUSH TO OPUS

Once you have your final selections in your Primary Cart, click the Go to Registration button to push your selections to OPUS and complete enrollment.

Registration Indicators

The dot in the top corner of a course tells you if the course is open, closed, or waitlisted. A yellow triangle means you may have to take extra steps before registering for a course.
