WE WANT YOUR FEEDBACK!

In our last newsletter, we featured some of the incredible online learning products offered by Emory's LMS Canvas. We hope this helped as you navigated the first few weeks of remote learning and that you're feeling more settled with the products you lean on during this time.

In an effort to better understand how T&E can continue supporting you, we need your feedback on the online exam platforms you've used. Please take a moment to complete our survey! As a "thank you," we will randomly select one respondent to receive lunch delivered to their house from the local restaurant of their choice.

Just as you rely on student feedback to help tell the story of your course's success and inform how it might change over time, T&E relies on your feedback to get a better sense of what we should offer in the future. Are your needs met with our current paper-based Scantron products, or would you be better served by an online exam software? This is just one of the questions your survey responses will help us answer.

IMPORTANT ANNOUNCEMENT FROM T&E

In light of recent events, unfortunately Testing and Evaluation will have to suspend scanning and reporting services until further notice, and the Office of the Registrar is closed.

Beginning March 16, the following T&E services were suspended until further notice:

- Appointments and drop offs for scanning/reporting of exams and surveys
- Pick up of blank answer sheets and processed exams
- In-person consultations

Please contact registr@emory.edu if you have any questions we can help with! As always, thank you for being T&E customers.
